1. Would you like to see the library car park increased in size by developing on the public open space located next to it?	Yes (25)		NO (12)	1. This "open space" space is green land, surely another solution somehow?	Abstained (2)	1. Very limited encroachment only to optimise car parking and "tidy it up".
2. Should the library car park remain long or short stay?	Long Stay (26)	1, I am a resident and have double yellow lines outside my house so therefore use the library car park – if this is short stay where do I park? 2. With disabled bay at front of library	Short Stay(10)	1. Except for library staff 2. Short stay for visitors and some long stay for staff. 3. Free Parking except 5 staff places	Abstained (3)	
3. Once the town centre development is completed should Chester Road car park remain long or short stay?	Long Stay (34)	1. Free Parking	Short Stay (2)		(3) Abstained
